WILL GO TO PROBATE COURT

DEFENSE OFFERS NO TESTIMONY AT
PRELIMINARY HEARING

All Three Prisoners are Identified
by Witnesses Testifying for
the State.

The testimony in the preliminary hearing of George Raab, George H. Collins and Robert Henninger, three of the eight striking stove polishers arrested for Homer Loar's murder, was unexpectedly ended Thursday afternoon with the conclusion of the cross examination of Charles Jenkins. The state's attorney, J. R. Fitzgibbon, announced that he would rest the case, and Mr. Smythe stated that he would offer no testimony at all. The court then continued the case for the argument until Friday morning at nine o'clock.

It was a clever piece of strategy on the part of the defense to cause the prosecution to show its hand and to give the defense some idea of the line of battle.

The sum total of Thursday's testimony was the fact that each of the three men was identified by witnesses as having been in the crowd which stopped Homer Loar and his party on the night of the murder. It was also brought out that the attack had been planned as a man who has not been identified, ran across the canal bridge ahead of Loar's party of non-union polishers and signaled to his confederates who, upon hearing his whistle, assembled from all points of the compass and blocked the progress of the party.

Aside from this one point, but little new evidence was brought out in the testimony. As before noted the other five strikers arrested for the Loar murder, waived examination and were bound over to the grand jury which convenes in January.

Charles Jenkins, a polisher, at the foundry, stated that he lived at Hanover. He had been working at the foundry 9 nights before the shooting. His testimony leading up to the time of the shooting was practically the same as that of the first three witnesses. He identified Henninger and Collins as having been in the crowd which stopped the party. Jenkins stated that he heard the shot fired and turned towards Loar, and several more shots were fired. He saw Loar come towards him staggering. He fell within six or eight feet from where Jenkins was standing. The witness stated that he went on into the foundry and worked all night. At the conclusion of the cross examination, the State rested.

Fred Lake, another one of the party of which Loar was a member, was called by the defense. Lake was subpoenaed by the prosecution and the attorney's for the defendants claimed the right to cross-examine the witness. An objection was filed by the state and it was stated by the prosecutor that unless the witness had proven himself hostile, he could not be subjected to a cross examination. The court sustained the state's objection and the witness was dismissed without being examined directly or indirectly.

George Raab, Robert Henninger and George E. Collins, the striking polishers who were arrested Tuesday night and charged in Squire Lake's court with complicity in the murder of Homer Loar, were held Friday to the grand jury without bail. This decision was rendered by Squire Lake after hearing the arguments of the attorneys representing the state and the defendants.

The case was continued Thursday afternoon until Friday morning when the court announced that the arguments would be heard. Mr. Fitzgibbon waived his privilege of argument and attorney P. B. Smythe talked for some length on the evidence introduced. There was some difference of opinion between Mr. Smythe Sr. and the prosecutor as to whether the defense could reply to the state's remarks in rebuttal after Mr. Smythe had finished. The court ruled that Mr. Fitzgibbon for the state was entitled to the last remarks in the argument and Mr. Fitzgibbon proceeded to make his reply. He covered only a few points and submitted the case to the court.

REBELLION SUPPRESSED

Russian Officials Assert Order Will
Soon Be Restored at Moscow.

STRIKE MAY BE CALLED OFF

Eight Hundred Railway Employees
Killed or Wounded by Artillerymen
Who Bombed a Meeting—No Im-
provement Shown in the Situation
in the Provinces.

Moscow, Dec. 29.—All the members of the social revolutionary committees have been arrested, and a quantity of bombs, infernal machines and correspondence seized. At the medical bureau 650 wounded and 105 killed have been registered, but it is known that there are fully 1,000 unidentified dead in the Louthow quarter alone. A mob of armed revolutionaries attacked the police bureaus, but were repulsed with serious losses.

St. Petersburg, Dec. 29.—The situation in the Russian provinces shows no improvement, but the government claims to have advice to the effect that the rebellion at Moscow has been suppressed. Warfare continues there but on a smaller scale. Hundreds of revolutionist leaders are under arrest. It is added that the workmen's council is considering the question of calling off the strike. The principal danger now seems to be that the "black hundred" will complete the work begun by the troops and end the revolt with a horrible massacre of the "reds." The lower classes are represented as enraged at the attempt of the revolutionaries to overthrow the emperor, and even with the best intentions, it may be impossible for the authorities to restrain the fury of these classes once the opportunity is offered them. The attacks made on striking railroad men at wayside stations sufficiently shows the temper of the peasant class.

News from Russian Poland indicates that the general strike is extending. Wholesale arrests have been made in the cities. At Sosnowice, an attempt has been made to blow up the barracks with dynamite.

The Novoe Vremya reports that a meeting of railroad men at Rostoff-on-Don was bombarded by artillery, and that 800 of those present were killed or wounded. The paper also says that all the Russian officials in court and except those at Mittau and Libau have been driven out of that province.

Four thousand strikers marched out of Moscow and completely destroyed several miles of the railroad track between St. Petersburg and Moscow, 20 miles outside of Moscow, in order to prevent the arrival of troop trains bearing the Semenovskiy battalion of the horse guard, and the trains backed 20 miles to Clyne, whence it is understood the troops will proceed on foot to their destination.

The Bourse Gazette prints a rumor that Lieutenant General Mischenko, while in the streets of Moscow, was wounded by a stray bullet.

Execution of Police Chief.

Moscow, Dec. 29.—The revolutionists entered the lodging of the chief of police at midnight and told him to bid an eternal farewell to his family, because he was condemned to die. Finding that it was no joke, the chief expostulated, but to no purpose. Realizing his awful position, he said farewell to his family and was hurried into the street and shot. His body was found lying in a pool of blood.

Round Up Rebels.

Reval, Estonia, Dec. 29.—The police and troops shrouded and arrested 70 persons while they were discussing the tactics to be used in an armed revolt. Among those captured were City Councillors Themay and Strandman and Acting Mayor Prats. The insurgents continue to drive into the city the troops operating in the country.

International Snarl.

London, Dec. 29.—The St. Petersburg correspondent of the Times reports that the relations between Russia and Germany are distinctly strained, and that there is a possibility of international complications arising from the rebellion in the Baltic provinces.

ANNUAL REPORT

Of Mine Inspector for Indian Territory Shows Coal Production for Past Year.

Washington, Dec. 29.—The annual report of the mine inspector for Indian Territory shows that during the past year the coal production there was 349,936 tons less than in the previous year, which is attributed to the falling off of the demand owing to many indirect influences. The total territorial output this year was 2,879,961 tons. The number of accidents this year was 114, of which 41 were fatal. This is a considerable increase over last year, and the report says is "chiefly due to reckless mining and lack of precautions."

REPUBLICAN AGREEMENT

Approaching Caucus of Representatives Likely to Be Unanimous.

THOMPSON FOR SPEAKER

Duty of Cuyahoga Will Be Nominated
For Clerk and Bassett of Toledo
Speaker Pro Tem.—Drastic Changes
Urged in Methods of Conducting
Elections.

Columbus, O., Dec. 29.—Representative George A. Bassett of Toledo has withdrawn from the race for the Republican caucus nomination for speaker of the house, leaving a clear field for Colonel Thompson of Lawrence. Bassett will be the candidate of the caucus for speaker pro tem. Bassett, when told that the story of this arrangement had leaked out, reluctantly admitted that it was true. The slate as arranged is as follows: For speaker of the house, Carmel A. Thompson of Lawrence; for speaker pro tem., George A. Bassett of Lucas; for clerk, E. W. Doty of Cuyahoga; for sergeant-at-arms, Richard Gilson of Steubenville.

Postmaster Redkey of Highland seeks re-election as postmaster of the house. John Greathouse of the same county also aspires to the position. Assistant Postmaster Yarnell of Springfield hopes to have his position again if it is not abolished. Represent-

tative Demuth entered J. H. Loughlin for enrolling clerk. Representative Dow Aiken entered Ralph S. Dadds of Bellefontaine for message clerk. Earl S. G. Scott of Youngstown is a new candidate for one of the minor clerkships. William Riggs of Dayton wants to be engrossing clerk.

Senator Sylvester Lamb, the Toledo Independent, arrived escorted by Representative Bassett, put up at the Southern hotel, and appeared to be amused at the notice which he inevitably receives as the holder of the balance of power in the upper house.

Changes in methods of conducting elections in the future are being provided for in a bill which will be fathered by the honest elections committee of Cincinnati, and will call for the abolishment of every board of elections in Ohio. The bill provides that the governor shall instead appoint a state board of elections, which shall supervise the elections in the state and shall operate through county boards, which shall be held responsible for the application of the new election laws. There will be a bipartisan feature in all these boards and the state board shall have full authority to canvass returns and certify to the governor, who shall thereupon issue certificates of election. The bill will also provide all the details under which the elections shall be held, the features of the Australian ballot, of course, being retained.

A bill to compel the railroads to pay more taxes has been prepared by Mayor Johnson and his cabinet, and will be introduced in the legislature early in the session. Senator Frederic C. Howe will probably father the measure. It is quite possible that in the Pattison inaugural parade, Jan. 8, the old soldiers of both the Federal and Confederate armies will march hand in hand together. Colonel W. H. Knauss, who has charge of the military division of the parade, conceived the idea of the new feature, and in case it is carried out it will be the first time in the history of the state that the soldiers of the two armies have marched together on any public occasion.

FRAY AT DANCE

Two Young Men Quarreled About a
Partner and Were Ordered
Out of the House.

Brooks, Ga., Dec. 29.—A shooting affray occurred at a dance at the home of Tony Biles, a few miles south of here, which resulted in the death of the host and the wounding of three others. Two young men quarreled about a partner in a dance and were ordered out of the house by Mr. Biles. The difficulty was repeated in the yard. Mr. Biles ran out with his shotgun when a general fusillade greeted him. He was instantly killed. The wounded, John W. Goodin, Leander Goodin and Frank Morris,

EXPLOSION

Of Locomotive Boiler on
Erie Road Kills
Four Men

DESTROYING A TRAIN TODAY

ONE HUNDRED CATTLE CREMATED IN
FIERCE BLAZE

First Three Cars are Completely De-
stroyed by Force of the Big
Explosion.

Chicago, Dec. 29.—Following the explosion of the locomotive boiler which killed four men outright, a fast freight train on the Erie railway, carrying \$100,000 worth of fancy meats and 100 live cattle from Chicago to the east was wrecked and destroyed by fire near North Judson, Ind., today. The cattle were cremated. The explosion blew several of the 25 cars in the train into bits and caused others to leave the track. When the wreckage and contents of the cars were strewn about, fire from the exploded engine spread. Fed by the fats of the meat the flames soon enveloped the entire mass.

The Dead.

John O'Brien, engineers, Huntington, Ind.

James Blackman, brakeman, Huntington, Ind.

Lenn Fisher, chief brakeman, Huntington, Ind.

James Oliver, fireman, Huntington, Ind.

A rescue party of citizens from North Judson and the surrounding district searched the wreckage for the bodies of other possible dead. The train was known as the second section of No. 80 and was one of the fastest freight trains on the Erie. It was going 45 miles an hour when without the slightest warning the explosion occurred.

O'Brien, Oliver and Fisher were in the engine cab and Blackman was on the first car. All were blown to pieces.

The first three cars were completely destroyed by the explosion. The seven cars behind them were piled up on top of one another.

BANKER'S WIFE

Was Struck Unconscious by the Rob-
bers Who Stole Her Cash, But
Fled in Fear.

Uniontown, Pa., Dec. 29.—Two men, one white and the other a negro, committed a bold robbery at the Foreign Exchange bank of M. A. Roney, here, at 738 Broadway.

Mrs. Rosa Roney, wife of the proprietor of the bank, had secured some money from foreigners after the bank closed in the afternoon.

At 8 o'clock in the evening she secured the key of the place from her husband for the purpose of depositing the money, amounting to \$125, in the safe. Just as she unlocked the door the two men struck her over the head with a piece of railroad iron, rendering her unconscious.

The robbers secured the money she carried, but before they could loot the bank, they were frightened away. Mrs. Roney is in a serious condition.

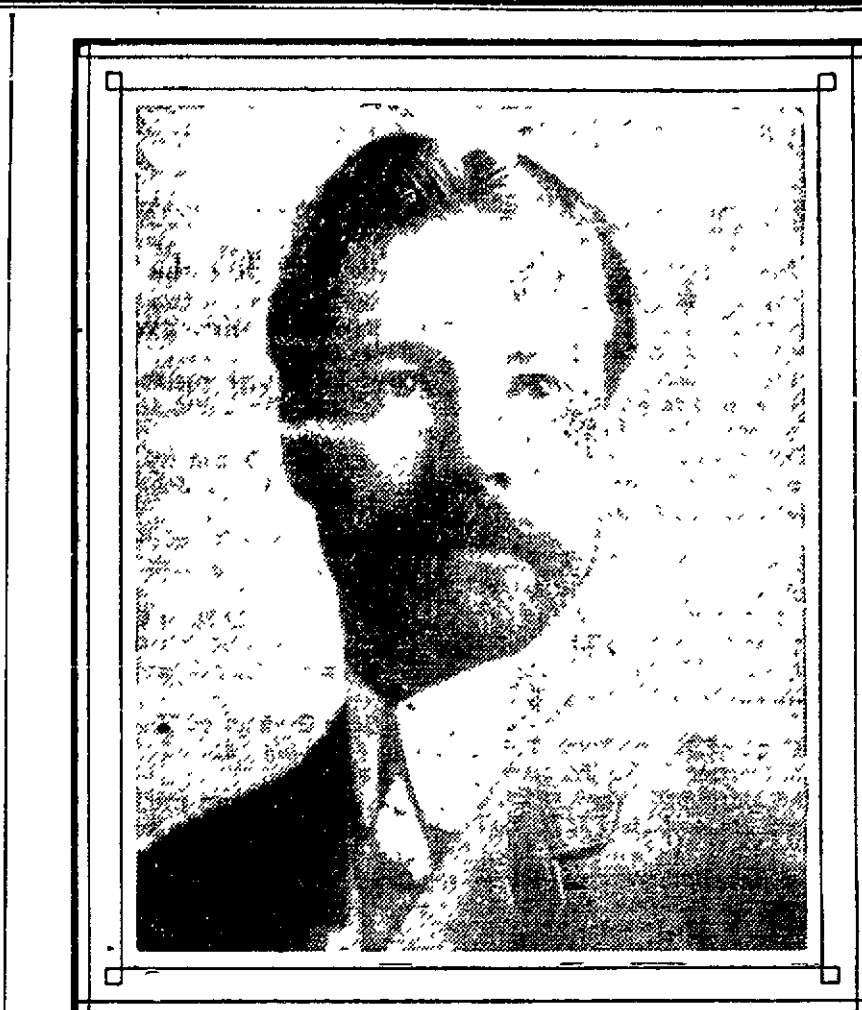

POINT SCORED

By Government in Private Car Re-
bate Case Against Pabst
Brewing Company.

Milwaukee, Dec. 29.—The United States government won the first victory in the private car rebate case against the Pabst Brewing company. The Milwaukee Refrigerator Transit company and six railroad companies Judge A. L. Sanborn of Madison handed down a decision overruling the demurrers of the Chicago, Rock Island & Pacific Railroad company and the Pabst Brewing company, and also denied the motion of the latter to strike out certain "slandering allegations" in the complaint. There is no appeal from this decision and the case must now go to a trial on its merits.

At that time he stood first in a competitive examination for appointment to the Military academy at West Point. After remaining two years at West Point he left to take up the study of law, and is at the present time a member of the St. Louis bar. Mr. Wood is unmarried.

MASHERS AT WARSAW

Being Taken in by Police Strike is Growing Officials
at Washington and
Fined. There Being Very
Much Worried.

Washington, Dec. 29.—The local police are making a crusade against "mashers" and "curb-stone Johnnies." Several arrests have been made lately, the culprits usually being let off with a fine. One however, in lieu of a \$15 fine was sent to jail yesterday for 45 days. He professed to be a stranger in the city and said he was ignorant of the police regulations, but that did not save him. He gave a fictitious name and said he would rather work out the sentence than let his friends know of his disgrace.

DEFEATED

Will Be the Appropriation For the
Striking Cigarmakers.

Havana, Dec. 29.—The appropriation of \$10,000 passed by the house of representatives to aid the striking Cuban cigarmakers at Key West is not likely to pass the senate, as the finance committee adopted an almost unanimous resolution opposing it. It is understood that General Rios Rivera, secretary of the treasury, will overrule the appropriation of \$10,000 granted by the Havana municipal council for the same purpose, and that the government will not permit the granting of the \$5,000 appropriated by the Havana provincial council.

ATTACKS HIGGINS.

Former Governor Odell Issues Another
Statement.

New York, Dec. 29.—Former Governor Odell, chairman of the Republican state committee, made a statement concerning the contest for the speakership of the assembly, in which he is backing E. A. Merritt against J. W. Wadsworth, Jr., who has the support of Governor Higgins. Mr. Odell said: "The gentleman up at Albany who is doing so much yelling just now has some starch injected into his backbone by Roosevelt. He never had any before. When you hear him talk these days, the voice is the voice of Jacob Higgins, but the hand is the hand of Esau Roosevelt. Few persons are deceived by the talk about Roosevelt not interfering in politics in this or any other states. It is entirely clear that Roosevelt is back of Higgins in this speakership contest, and so-called insured denials do not count. This is going to be a fight to a finish."

WORKMEN BURIED

Washington, Dec. 29.—Just after work was started today in excavation for the new National Metropolitan Citizens bank, building a cave-in occurred and a number of Italian workmen were buried in a pit thirty feet deep. Three men, badly injured were immediately rescued, and another shortly afterwards taken from the pit dead. In the rescue work was stopped by an adjacent wall threatening to fall on the rescuers. It is believed four or five workmen are buried. Last night the rain weakened the walls.

CHECK

For \$1,000 for Each Baby in His
Family, and Now Cramer's the
Father of a Dozen.

Eldorado, Ia., Dec. 29.—In the experience of George Cramer, a substantial farmer of this county, there is a moral which President Roosevelt and all others interested in preventing race suicide might study with profit.

When Cramer came to this country and settled in Iowa he was very poor. His relatives back in the fatherland were wealthy, but indifferent to his tribulations. When Cramer's first baby came he wrote to his father informing him of the event and remarking that while he was proud of the little fellow, he could scarcely afford the luxury of a baby at that time.

In reply his father mailed a check for \$1,000 and promised to duplicate the gift every time the stork should visit his son's home. As a result the stork has been joyfully received at Cramer's home no less than 12 times and \$12,000 plus accrued interest and earnings repose in the bank to Cramer's credit.

IN MORALE'S FAVOR

Greater Part of Northern Santo Domingo Said to be in Favor of
the Fugitive.

Cape Haitien, Haiti, Dec. 29.—The greater part of northern Santo Domingo is said to be in favor of General Morales, the fugitive president of that republic. It is understood here that Morales left the capital in order to join his partisans in the north, and General Rodriguez, the governor of Monte Christi, with his followers, has forces are said to be numerous. It is claimed here that the report that Morales intends to establish a new capital at Monte Christi is correct, and that he will use that place as a base from which he will endeavor to suppress the uprising of the Caceres party at the old capital of Santo Domingo. A censorship of all messages has been established at Monte Christi. Important news from Santo Domingo is expected momentarily.

JOHNSTOWN

Bazaar a Big Success—No Late Advances from Rev. Mr. Wright—Oil Well on Miller Farm.

Johnstown, Dec. 29.—The bazaar given by the Baptist Ladies' Aid Society recently was a great success both socially and financially. As a result of the sale and the supper served the society netted \$131.13. Many articles were sent for the bazaar by distant friends of the church. Altogether a very beautiful display was made including articles of fancy work, water color, burnt wood and a thousand and one other things useful in the home. The ladies are to be congratulated upon the very successful result of their work.

No advices have been received for a few days regarding the condition of Rev. J. W. Wright of Litchfield, Ill., but no news is considered as good news. He was stricken with paralysis Friday, December 15, while preaching a funeral sermon, his left side and speech being affected, but both his speech and use of his limbs and body have returned, and latest reports were very favorable, which is very gratifying news to his many friends in Johnstown. He will be compelled to take a vacation and rest of a few months, however.

Mrs. Ed. R. Stevens left for Idaho Saturday evening to join her husband who went there several weeks ago. They will not return to Ohio but expect to again take up their residence at their former home at Clayton, Idaho. Her daughter Lucy accompanied Mrs. Stevens as far as Chicago but will return and make her home with Mrs. Elizabeth Thompson until the end of the school year, when she will leave to join her parents in the west.

J. E. Simpson, the miller, has been feeling pretty good for the past few days over the news that a gusher oil well of nearly 300 barrels capacity has been drilled in within a short distance of his large farm near Butler, Ohio.

Fred Tullar and John Huston were home from London, O., over Sunday. They have established a plumbing shop in that city and are doing a nice business. Jesse Rowe returned with them Tuesday to assist as a plumber. The Rathbone Sisters initiated Miss Vernah Green into the order on Tuesday evening. Work next Tuesday after which refreshments will be served.

AGE FIFTY

But the Love Letters Alleged to Have Been Written by Unterbrink Are Torrid Ones.

St. Louis, Mo., Dec. 29.—The shingles on the Madison county court house at Edwardsville will warp and blister when the divorce suit of Mrs. Mary Unterbrink against August D. Unterbrink comes to trial before Judge Burroughs.

Letters alleged to have been written by the husband to Miss Lizzie Schoeneweise form a torrid portion of Mrs. Unterbrink's petition.

If Unterbrink had been coached by Ella Wheeler Wilcox, Algernon Charles Swinburne and Marie Corelli, with Laura Jean Libby and Bertha M. Clay as associate counsel, he could not have turned out a warmer collection of letters than those recited by his wife as having come from his heated pen.

To the writer of the letters the young woman to whom they are addressed is his "Darling Dove," his "Dearest Dear and Only Precious Jewel," while he describes himself as her "Own True, Darling, Loving,

Dear, Old Sweetheart," and her "Precious Pearl."

In a burst of confidence he tells her that it is "lonesome" without her. Another gem is: "Our hearts are like little birds that fly from tree to tree."

Mr. Unterbrink is 50 years old and his hair is gray. He has been married 16 years to the wife who now sues him. He was elected assessor of Ft. Russell township last year, and has long been prominent in Madison county affairs. He is said to be wealthy.

NEW MAYOR BEGINS DUTIES MONDAY

KNOWN THAT DR. MCCLERY IS ANXIOUS TO APPOINT WM. F. EILBER.

But Municipal Code Stands in Way. Charges Against Sheridan Must be Sustained.

The reign of Andrew J. Crilly as Mayor of the city of Newark, is rapidly nearing an end. His last official acts will probably occur on Saturday and no doubt will be his hearing of the cases in police court as there is but little Saturday business in the Mayor's office. Sunday follows and unless something unusual occurs there will be no official duties for Mayor Crilly to perform.

With the opening of the police court Monday morning, will begin Mayor elect Samuel H. McClery's troubles. Being New Year's day it is hardly probable that Mayor McClery's duties will be very arduous. It is then probable safe to say that his active duties will really begin on Tuesday of next week.

With the coming of the new mayor there have been many conjectures regarding the office of the chief of police. It is known that Dr. McClery is very anxious to appoint William F. Eilber, the well known tailor of this city. Mr. Eilber, while an excellent tailor and a highly esteemed citizen, has not had police experience.

The new municipal code provides that the chief of police shall be appointed from the ranks, that he shall have served a given length of time before he can assume the duties of such an office. The new chief, unless he is taken from one of the present police force, must take the civil service examination, the same as any officer. He must then be appointed. According to the interpretation of the code, an officer in the police department is on probation during the first six months of his appointment and is not a full fledged patrolman until he has served a half year.

Therefore, the new police chief must serve six months after his appointment as an officer and must pass the civil service examination. After that much has been accomplished, Mayor McClery's trouble is only half commenced. Charges must be brought against Chief Sheridan for incompetency, unbecoming conduct or other similar charges. These complaints must be supported by sufficient evidence to convince the board of public safety that the officer in question is unqualified for the position and the board must so decide before he can be ousted.

Those who are familiar with the record of Chief of Police Sheridan since his appointment more than two years ago, know that he has proved an efficient officer. He has had at all times, excellent discipline in his department. As well as possible with the small force of men, he has policed the city remarkably well.

Chief Sheridan's dealings with the criminal classes has at all times been wisely done and his efforts in ferreting out difficult cases have been very successful. Mayor-elect S. H. McClery will find it exceedingly difficult to sustain any charge which he might bring against the present chief of police.

FOOTBALL REFORM.

Concerted Movement on the Part of Sixty Institutions.

New York, Dec. 23.—A concerted movement toward reforming the game of football in the colleges and universities of America was begun when the representatives of 68 institutions agreed to act together in securing the adoption of rules and an enforcement of them, that are expected to materially lessen the danger to players, do away with mass formations and secure permanent officials for intercollegiate contests. The conference perfected a permanent organization, and appointed a rules committee of seven, which will communicate with the representatives of Yale, Harvard, Princeton, Pennsylvania, Cornell, Annapolis and Chicago universities, constituting the existing committee on rules, asking for an amalgamation with that body.

Daniel G. Johnson, ninety years of age, of Yorkville, Kendall county, Ill., has been elected to his 14th four year term as constable.

CALENDAR EXHIBIT

An attractive feature of the New Year's program at the Y. M. C. A. will be the exhibit of a large collection of calendars of every design. It is very interesting to note the many and various designs employed to decorate these every day necessities. Many calendars are positive contributions to art. One man, a resident of Newark has very kindly promised to cover the entire walls of one room. These will be specimen copies of calendars in use this year throughout the United States.

Another section will be devoted to the calendars of local business firms.

The association desires that every Newark business man be represented in this display.

The soothing spray of Ely's Liquid Cream Balm, used in an atomizer, is an unspeakable relief to sufferers from Catarrh. Some of them describe it as a Godsend, and no wonder. The thick, foul discharge is dislodged and the patient breathes freely, perhaps for the first time in weeks. Liquid Cream Balm contains all the healing, purifying elements of the solid form, and it never fails to cure. Sold by all druggists for 75c., including tube, or mailed by Ely Bros., 56 Warren Street, New York. mwf-tf

Date for the O. and P. League Meeting Will be Decided Shortly.

The date for holding the annual meeting of the Ohio and Pennsylvania league is still in doubt. Some few weeks ago President Morton announced that it would be on January 9 in Zanesville, but the date has been changed.

The National Association of Professional Baseball clubs will meet in Chicago on January 9. President Morton will attend this meeting in the interest of his league, and as it is impossible for him to be in two places at once, a change of the O. and P. meeting was made a necessity. Any date following January 9 will be satisfactory to President Morton.

Communications have been sent to the various managers of the league teams suggesting two dates, and the one most satisfactory will be named for the date of the meeting. Wednesday or Thursday, January 16 or 17, are the dates mentioned in the letter.

Some of the possibilities for the circuit this year are: Akron, Zanesville, Newark, Erie, Mansfield, Steubenville, East Liverpool, New Castle, Niles and Youngstown.

Bert Blue is expected to do a big chunk of the Senators' catching next season. It's a cinch that somebody will have to shed his catching clothes up there in the Capital City, with Brown, Ryan, Pierce and Blue on the staff. The Columbus management was highly impressed with the tall fellow's work behind the bat and Bert Blue will have every opportunity to show his real worth. It's a foregone conclusion that Bert can make good.

Since the loss of Curt Elston leaves a pretty big hole in the Zanesville twirling department, it's up to Drumm to recruit his pitching force. One will be a green man so far as professional base ball is concerned. He is Webb, the Ohio Wesleyan college pitcher, who has made such a wonderful pitching record against the colleges of Ohio. Webb will not report until June 15, the close of the college year. He will be given a chance to demonstrate his worth in professional company at that time.

Harry Kunkle has affixed his signature to a contract to play with Lancaster of the O. and P. league team next season.

President Morton of the O. and P. league has received notice that the management of the Lancaster team of the O. and P. league has drafted Harry Cooper. Cooper played with Vincennes of the K. I. T. league last season.

Wrestler Lutheg of Cincinnati, has just issued another challenge to A. Ackerman, says the Columbus Dispatch. He evidently goes on the plan of three times and out. Ackerman has defeated him twice in a year and still Max wants another fall.

TO THE PEOPLE OF NEWARK, OHIO

I endeavored in a former statement to make it clear that The Newark (O.) Water Company was willing to sell its plant to the city through an appraisal as per the terms of the original contract, which is the only way provided to dispose of the property to the city.

My proposition was specific, that if such appraisal was made and a price was agreed upon by the proceeding, the city should not be compelled to take the plant at such price.

I renew the proposition now, furthermore, if the city will undertake the appraisal and NO agreement be reached the Water Company will agree:

1. That the hydrant rental contract will be extended at the option of the city as long as is necessary to complete a municipal plant.

2. The city will be secured against any liability, either to take the property or to pay any costs, attorney fees or expenses on account of any litigation arising out of the appraisal or sale.

The Water Company claims and maintains that the city by making the purchase, can secure a complete plant in every respect, with adequate fire protection in every part of the city at a saving of approximately \$200,000 in the cost of construction and eliminate competition, also that the city will avoid the tearing up of many miles of paved streets, and the danger of sickness, and possible epidemic of diseases liable to follow the digging up of large areas of old streets and will receive the income from the 2500 patrons of The Newark (O.) Water Company.

But the Water Company takes this opportunity to state that if the city officials reject this proposition, and refuse to purchase the property, the Water Company will continue to furnish filtered water to its customers, at a price that will retain their patronage.

Very respectfully submitted,
NEWARK (O.) WATER CO.

Some people think we are just rolling in wealth. We are making money but not so fast as some imagine. It costs lots of money to run a laundry right, and ours is run right.

INTERURBAN MEN

Consider Merger and Appoint Committee to Confer With Indiana Association.

Favorable action was taken on the proposition to merge the interurban associations of Ohio and Indiana, on Thursday, at a meeting of the Ohio Interurban Railway association, held at Columbus. There were but four subjects on the program for formal discussion: The Proper Methods of Advertising, Shop Records, Transportation for Employees and Their Dependents, and the matter of consolidation and creating the office of permanent secretary. Should this be perfected Columbus will probably get the headquarters. The question of interchangeable mileage was not considered.

About thirty-five railway representatives were present, and each was able to contribute his part in the discussions.

A committee consisting of E. C. Spring, West Milton; J. R. Harrigan, Newark; F. D. Carpenter, Lima; J. Q. Wilson, Cleveland; Theodore Stebbins, Columbus, was delegated to take up the matter of consolidating the association with a similarly empowered committee from the Indiana organization. They will hold their joint session at Indianapolis on January 10, and formulate a report which will be presented to the annual convention of the Ohio association at Dayton, January 25.

The Dayton convention will have addresses by well known railway men including President Vreeland, of the New York City Street Railway; W. Corly Eley, president of the American Street and Interurban association, Buffalo, and T. E. Mitten of the Chicago City railway.

CHARGES FOR OBITUARIES.

Wreck on Big Four.

Kankakee, Ill., Dec. 29.—Fast mail train No. 7, on the Big Four railroad, was wrecked at Waldron, Ill., four miles east of here. Those injured were: Harry L. Budd, Paducah, Ky., slight cuts on face and hands; Mrs. J. G. Bailey, Chicago, rib fractured; Walter Kerr, Aurora, Ind., mail clerk, ankle bruised. Dr. C. F. Smith, the company's surgeon here, hurried on a special train to the scene of the wreck, and the injured were taken to Chicago. The train was two hours late and was running nearly 70 miles an hour, when it struck a broken rail.

Club Meeting—Bank Election—Social Affairs—Alfred Orcutt Hurt. Personal Notes.

Granville, Dec. 29.—The fortnightly club met at the home of Mrs. E. E. Wright, Tuesday evening, Dec. 26th. Instead of quotations at roll call Mrs. Thompson read "The Tar Baby," by Joel Chandler Harris. Mrs. E. E. Wright read a paper on "The History of Siberia," which was interesting and instructive. Mrs. Jerry Ackley gave a talk on "Civic Beauty," showing that even Granville might be improved along these lines. Mrs. H. Howe read a paper on "The Exile System," showing all the horrors of this system as practiced in Russia. Mrs. Carney gave current events. Mrs. MacKinnon recited a humorous selection entitled, "Aunt Peggy and High Art," which was greatly enjoyed by all. The guests of the evening were Mrs. MacKinnon of Bellefontaine, Mrs. Keegan and Miss Jessie Wright. The club adjourned to meet with Mrs. Carney on Tuesday evening, January 16.

At the Methodist church the regular Christmas sermon was preached by the pastor, Rev. James N. Eason. His subject was "Influence of the Manger." First, upon Art, second, on music; third, on literature, and fourth, upon "its direct influence on humanity, contrasting the condition of childhood and womanhood prior to the coming of Christ, with today." At the close of the sermon the primary department of the Sunday school rendered a short program in the lecture room of the church, after which the children were given a Christmas treat. In the evening a splendid program, consisting of songs and recitations by the choir and members of the Sunday school was rendered.

GOLD SPIKE TO BE DRIVEN DEC. 30

WESTERN OHIO RAILWAY WILL BE CONNECTING LINK FOR THREE STATES.

Two Hour Schedule Will be Adopted. Great Interurban Event on Saturday.

Columbus, Dec. 29.—"The most important event since the construction of electric interurban railways was begun, is that which will take place in Findlay tomorrow afternoon, when the last spike will be driven by the Lima, Findlay & Toledo Railway company, the Toledo extension of the Western Ohio railway," says C. F. Price, of the Western Ohio road.

The road will be the connecting link between the state of Ohio, Indiana and Michigan, there being no connection between the roads in the above named states with those of the adjoining states. With the completion of this road, direct communication will be established between all of the big cities in the three states named. Detroit will be given electric railway communication with Newark, Lima, Dayton, Wapakoneta, St. Marys, Celina, Minster, New Bremen, Van Wert, Delphos, Springfield, Piqua, Columbus, Zanesville, Lancaster, Circleville, Chillicothe, Marion, Delaware, Cincinnati, Hamilton, Indianapolis, Ft. Wayne, Logansport and other cities and towns connected in the two states by electric railways.

The new line will also give Toledo, Cleveland, Sandusky, Findlay, Fremont, Fostoria, Tiffin, and intermediate points, connection by electric road with Lima, Cincinnati, Columbus, Indianapolis and other points reached by the electric roads which pass through these cities. This travel will all come over the Western Ohio and the Lima, Findlay & Toledo. The Lima, Findlay and Toledo road is the only route by which this travel can be exchanged and its completion will be a great event in electric railway circles.

General Manager F. D. Carpenter of the Western Ohio, who holds the same position with the new line, and under whose direction the road was built a short time ago, receiving a letter from the Street Railway Journal, a magazine devoted to street and interurban railways, in which the new enterprise was complimented and an offer of a gold spike was made with which to bind the final tie and rail. The spike is on its way from New York and will be driven at the intersection of Lima street and Lima avenue, Findlay, Saturday afternoon, at 1 o'clock, and the event will be appropriately celebrated. Prominent interurban railway men from Michigan, Indiana and this state will be present, and a special car will be run from Lima, leaving Lima at 10 o'clock.

Regular traffic will be opened on the new line Monday morning, New Year's day when, commencing at 6 o'clock, regular cars will start running both from Lima and Findlay, reaching interurban points, Beaver Dam, Bluffton, Mt. Cory and Rawson. Cars will be run every two hours, for the present, the last car leaving both Lima and Findlay at 10 o'clock p. m. The 10 o'clock cars will be held until after theatres at either Lima or Findlay, upon application to the general offices at Lima. All cars from Findlay will make connection at Lima with Western Ohio cars, west for Celina and St. Marys, south for Wapakoneta, Sidney, Piqua, Troy and Dayton, and with the Ft. Wayne, Van Wert and Lima cars for Ft. Wayne and intermediate points.

Cars from Lima will connect at Findlay with the Toledo, Bowling Green and Southern limited and local cars for Toledo and intermediate points and also with the Toledo, Fostoria and Findlay for Fostoria, Pemberville and intermediate points.

The two-hour schedule is only a temporary one, as parlor car limiteds will be put on to and from Toledo as soon as the new road is in condition.

As soon as possible, the company will extend its limited service, now operating between Lima and Dayton, to Cincinnati and Detroit, making it possible to go from Detroit to Cincinnati on a fast schedule.

Suggests Segregation. Atlantic City, N. J., Dec. 29.—Professor Alexander Johnson, secretary of the national charities conference, in addressing the state schoolteachers suggested that in the matter of defective children the easiest way to exterminate this class was either segregation or chloroform. He explained that the law prohibited chloroform, but segregation was permissible. He said that this lunacy breeds lunacy, and that three generations of segregation would probably eliminate the defective.

New Year's Afternoon Program Will be Held in Taylor Hall—Admission Free to All.

It has been decided to put the New Year's afternoon program in Taylor Hall instead of in the reception room as previously announced, and in the case the invitation is extended to all ladies as well as gentlemen, to come in and enjoy this complimentary entertainment. The admission will be free, and a rare treat it will be in deed.

Mr. Daniel E. Camp, the reader, who made such a hit at the concert-recital given recently in Taylor Hall, will be a host in himself. He gives his readings with such an ease and a certain quaint humor that is most refreshing. He will give the favorites of his recent program and then has prepared some new selections from Fred Emerson Brooks and from Riley.

The musical part of the program will include a number of whistling solos by Mr. Gabriel Tidd of Lancaster, harp and violin by Mr. L. D. Sargent and Mr. Dean, and in all probability Prof. Jesse King Murdoch, the talented blind musician from Somerset will be present and contribute several piano and vocal solos. The program will begin at 3 o'clock.

From 2 to 3 Mr. Frank C. Miller will put on an hour of music with his Pianola, and after the concert in Taylor Hall comes the gymnastic exhibition and games in the gymnasium.

Then at 6 o'clock the New Year's supper and at 8 o'clock the Apollo club concert.

COSHOCTON TEAM LOST BY 250 PINS

All Stars Rolled Good Scores in the Match Game on the Hayes Bowling Alleys.

The city of Coshocton sent its "Star" bowling team to Newark last night to take a few lessons in the art of rolling ten pins. The lesson was thoroughly taught and the Coshocton bunch was trimmed to the tune of 250 pins. The local bowlers were doing some sensational work on the alleys last night. The pins rolled were new and ugly splits were frequent. The All Stars were able to turn these splits into seemingly impossible spares.

The best score rolled by the visitors was 177 by Hildenbrandt. Kates had the high individual score with 207 and Armstrong made the high average with 181. Frank Jones, who has been rolling with the All Stars since their organization early in the fall, has quit. Eugene Schlegel rolled in his place Thursday night.

The scores:
All Stars: Tot. Av.
Armstrong...201 172 169—542 181
Schlegel...171 138 180—489 163
Peterman...164 180 165—509 170
Deardorf...129 126 167—422 137
Kates...207 161 146—514 171
Totals...872 777 817 2466

Coshocton: Tot. Av.

Hildebrandt...158 160 177—495 165
Totals...714 748 754 2216

Frank and Homer Jones, both of whom were members of the All Star bowling team since its organization last fall, went to Zanesville Thursday night where they entered the two man tournament which is being held in that city. Both men rolled good scores, their team being third high. Their scores were as follows:
H. Jones...184 182 142
F. Jones...176 167 185—1029

MORE AWARDS IN POULTRY EXHIBIT

LARGE CROWDS VISIT ARMY TO TAKE A LOOK AT THE CHICKENS.

Association is Able to Pay Premiums and Expenses and Have Some Cash Left.

The poultry exhibition still continues to draw large crowds, and all are well pleased who visit the Armory on East Main street.

The judge has finished his work and has gone to his home in Spiceland, Ind. The awards have all been placed, and the remainder of the week will be spent by the exhibitors and officers in discussing the merits of the exhibit.

The association is well pleased with the result, as they will be able to pay all premiums and expenses, and have a nice little surplus in the treasury. Just after 7 Thursday evening, Assistant Superintendent A. H. Powell called at the secretary's office where Secretary E. M. Larson, and Assistant T. H. Jones and H. M. Close were engaged in figuring the awards and informed Mr. Larson that he was wanted at the stand by the President.

Mr. Larson responded, supposing that he was wanted for one of the many calls which continually come in for information out in this case he was deceived, for here stood the president and a large number of association members and friends, and in a neat and appropriate speech, as a token of their appreciation of his work, Mr. Seymour presented Mr. Larson with a very fine Morris chair. The secretary was wholly surprised, but settled himself sufficiently to reply properly.

The following is a list of the awards placed on birds scored Thursday. This, however does not include the many specials, which will be published in Saturday's issue:

DOMESTIC TROUBLES OF SCHUMANN-HEINCK

American women sympathize with that sweet voiced singer, Madame Schumann-Heinck, in her conflict with German law in regard to her children. Something over a year ago after her appearance here at the Auditorium in "Love's Lottery," Mme. Schumann-Heinck, a widow with eight children, six boys and two girls, married an American citizen, William Rapp. She herself decided to make her home in America. She went to Germany where her children were, to bring them hither. She had also much property in Germany, bought with money she had earned as a singer, largely in America. But here the German law stepped in and declared she should have neither children nor property. Under the German law if a widow marries the second time she can have no control over her children or her property. The court takes charge of both. The law says, too, that Mme. Rapp's sons must stay in Germany and do military service.

The singer has appealed to the state department at Washington to ascertain if something cannot be done in the case.

AMUSEMENTS

ALL THIS WEEK.

The celebrated Cornell Stock company which is filling a week's engagement at the Auditorium, has just three more performances in this city—tonight, when the great society drama "Moths", will be produced, and Saturday afternoon and evening. At the matinee the startling and realistic melo-drama "A Woman's Sacrifice," will be produced and on Saturday evening, the "Boy of the Streets," will hold the board. Seats for all performances are now on sale and can be secured at the box office.

"THE LITTLE HOMESTEAD."

The blind infatuation which turns a wife from her fireside beside her loving husband to go forth to misery and abuse with an unscrupulous scoundrel, brings about all the sorrow and happiness in the magnetic story told by "The Little Homestead" which will be the attraction at the Auditorium for two performances on New Year's day, January 1st.

All the repentance and remorse of a woman who has sinned once against her home, her husband and herself is shown in the simple character of

the wife, who sees through her blinded eyes when too late to atone. The dying pleas for forgiveness and the unselfish response of the husband strike to the heart. The just retribution for his sins which fall upon the destroyer of the home, is a fitting climax to a malignant life. Throughout "The Little Homestead" is of intense interest and appeals to the finer possibilities. The play is from the pen of W. B. Patton, author of the "Minister's Son."

THE SIGN OF THE CROSS.

"The Sign of the Cross," Wilson Barrett's wonderfully successful religious and historical drama enters on its sixth season of success in America, and under the experienced and liberal management of Messrs. Fred

F. M. SMITH AS "MARTIN" IN "THE SIGN OF THE CROSS."

G. Berger and R. G. Graeflin, will be given a sensational spectacular production at the Auditorium, Wednesday evening, January 2.

"The Sign of the Cross" since its original sensational run of over two years at the Lyric theatre, London has been played, and to crowded houses, in every city, in almost every corner of the globe. It is still in England, as in this country, one of the strongest of contemporary attractions. The passage of time has but increased the interest in this masterpiece and thrilling drama, creates a more widespread desire to witness this masterpiece of the great actor, manager and author, Wilson Barrett. For the past few years in continuous season increasing crowds

have thronged the playhouses where "The Sign of the Cross" has been presented. The engagement here will undoubtedly be one of the greatest attractions of the season. The company of forty able players, numbering many distinguished English and American actors, will appear amid the gorgeous scenic surroundings of the original London production of "The Sign of the Cross."

AT GREAT SOUTHERN.

On Monday and Tuesday January 1 and 2, the breezy melo-dramatic comedy written by Henry M. Blossom, "Checkers," will be given at the Great Southern theatre, Columbus. It will be recalled that this piece has enjoyed a prosperous run of three years and served to place Thomas W. Ross among the stars. It is being presented this year by a competent company. No one who enjoys a good laugh should fail to witness this very clever take-off on American characteristics. Seat sale will open Thursday, December 28.

A play of much serious dramatic worth will be presented at the Great Southern theatre, Wednesday and Thursday, January 3 and 4. It is entitled "The Little Gray Lady," and was written by the able playwright, Channing Pollock. Its story concerns life in the national capital and many of the personages of the piece represent government employees. The

GROOM FIRST SAW BRIDE AT FUNERAL

OF HIS NEPHEW TO WHOM SHE WAS ENGAGED AT THAT TIME.

Culmination of Romance That Had Its Inception in Zanesville Five Years Ago.

Zanesville, Dec. 29.—A wedding was solemnized at the home of Mr. and Mrs. Washington Hoskins, of Adair avenue, at noon yesterday, that was the culmination of a romance which had its inception in this city five years ago.

The contracting parties were Titus Hoskins of Martin's Ferry, and Miss May Harris of Antwerp, O., a school-teacher, aged 27. The groom was about twenty years her senior. Five years ago Miss Harris came here to attend the funeral of Theron Hoskins, to whom she was engaged, and who died of typhoid fever. At the time of her husband's death she first met his uncle, Titus Hoskins, they having seats in the same carriage. Hoskins had previously been married and divorced. Following the funeral Miss Harris returned to Antwerp, crushed and grief-stricken, but has ever since paid frequent visits to the Hoskins family in this city, and on many such visits met Titus.

Only her mother in Antwerp was made acquainted with the hastily formed wedding plans, and it was stated by the bride that she intends to return to her home in Antwerp Sunday and resume her duties as a school teacher there, keeping her wedding a secret until the end of the present school year.

NARROW ESCAPE

From Horrible Death Had Harry Williams Whose Foot Was Badly Mangled.

Harry Williams, a young man working in a saw mill near Vanatta, this county, had a narrow escape from a horrible death. While engaged in sawing a large log one of his feet was caught in the running board, and he was dragged along with the timber, and had nearly reached the saw when he succeeded in extricating his foot, but not until it had been considerably mangled, and the leg badly sprained at the ankle. He was brought to Newark and taken to the home of Mrs. Hendricks, an experienced nurse, residing at 388 North Fourth street, where his injuries were attended to.

ONE IS DEAD AND TWO ARE VERY ILL

FOUR YEAR OLD DAUGHTER OF MR. DANIEL LEFFLEY DIES NEAR MT. STERLING.

Child's Mother and Little Sister Now Suffering from Diphtheria—Condition Quite Serious.

A peculiarly sad death was that of the four-year-old daughter of Mr. and Mrs. Daniel Leffley of near Mt. Sterling, near the Muskingum-Licking county line, which occurred Wednesday afternoon. The little child died from diphtheria and two other members of the family are very sick from the same disease. The mother, in nursing the sick child, contracted the disease as did the only remaining child, a two-year-old girl. Both are in a critical condition.

The Leffleys live on a farm near Mt. Sterling. The first victim of the disease had been suffering from it only a comparatively short time when death claimed her. And now the mother and the only other child are in the clutches of the dread disease. The funeral of the little child was held Thursday, and, of course, was private.

SKATING RINK OPENS

As will be seen by an advertisement in another column, the Crescent Roller Skating Rink in South Fourth street, this city, will be formally opened Saturday, Dec. 30, at 2 o'clock p. m. Managed Patteril has spared no pains to provide the rink with every comfort, and it is expected that Newark pleasure seekers will show that the love for the splendid sport, which was so popular fifteen years ago, is as strong as ever.

Good music has been provided and skaters will find a vast improvement in the skates used over those of other days.

Your husband told us you forgot to get him a pair of slippers. Get them now as we want to get rid of them and price will be no object. Seymour & Rexroth. 28-3t.

JULIUS JUCH IS TO BE APPOINTED

MEMBER OF THE PUBLIC SAFETY BOARD IN PLACE OF MR. F. A. BOLTON.

Who Becomes City Solicitor Hereon Next Monday—T. M. Ball May be Reappointed.

Attorney Frank A. Bolton who has served as a member of the Board of Public Safety since the election of Mayor A. J. Crilly, will assume the duties of City Solicitor on next Monday morning. His position on the safety board has been much sought after by a number of Mayor-elect S. H. McCleery's friends and just who was to get that choice plum has been a matter of much speculation. It has been learned from good source that Mr. Julius Juch of the German Express, will be the new member.

Mr. Juch is a Democrat and in case he is appointed, will assume his new duties next Monday. Mr. T. M. Ball, who was also appointed by Mayor Crilly, it is understood, will be re-appointed as the Republican member of the board.

PLEADING

Of Her Boy Caused the Mother to Sing After She Had Been Speechless Three Years.

Huntington, Ind., Dec. 29.—Three years ago last September Mrs. Washington A. Cunningham, wife of the grocer at Majenica, suddenly lost her speech. All efforts of physicians and friends proved unavailing and the family had settled down to the assumption that the mother had lost her vocal powers for good. Not a word did she utter under any circumstances. Her only child, a bright little fellow of ten years, had greatly admired his mother's singing and it was a loss to him especially to miss her cheerful voice. Boy-like, forgetting the misery he was inflicting, he appealed to her again and again to sing to him. Christmas Day, at home with his mother, he demanded that she sing.

The mother opened her mouth to go through the motions of singing, at which the boy had often laughed. To her great surprise and to the astonishment of the boy the strains of "Jesus, Lover of My Soul," rang out in the stillness of the country home. The boy, overjoyed, ran to tell his father and the day was the happiest Christmas of that household, for the mother's voice had returned.
